EDUCATION

BIRLA INSTITUTE OF TECHNOLOGY AND SCIENCE
M.Tech in Software Systems
Grad. Dec 2024 | CGPA: 7.1

GOVT AUTONOMOUS COLLEGE
B.Sc in Mathematics
Grad. Oct 2020 | Cum Per: 7.0

COURSEWORK

POSTGRADUATE
Software Engineering & Management
Computer Organizations & Software Systems
Software Architectures
Usability Engineering
Object Oriented Programming
Database Design & Applications
Data Structures & Algorithms

SKILLS

PROGRAMMING
Languages:
• Advance: JavaScript
• Intermediate: Python

Tools:
• Git • Github • Jira • Azure Devops • Postman

Technologies:
• HTML • CSS • ReactJs
• MongoDB • NodeJs • SQL

Testing:
• Quality Assurance
• Application/Manual Testing
• Automation Testing • Playwright
• BDD Cucumber

HOBBIES

• Teaching • Volunteering • Cooking

EXPERIENCE

WIPRO (WILP)

Senior Engineer | Dec 2024 - Present | Bangalore, India
- Contributing to frontend development in an ongoing project using Js
- Enhanced layout consistency and visual appeal by implementing design principles and building components such as contact form, and quote
- Improved application stability and user experience by resolving UI issues, bugs, and debugging errors

Scholar Trainee | Nov 2020 - Dec 2024 | Bangalore, India
- Developed the ResourceHub app for accessing the resources and updating the resources, saving 8 hours per sprint and boosting team productivity
- Reduced the manual data feeding in the transaction application by 80% by creating an internal Datafeed application using JavaScript
- Managed the QA and Application Tester role to rectify bugs and issues, implementing structured test plans and defect tracking processes, resulting in 25% reduction in post-release bugs and improved UAT results.

UPWORK (FREELANCE) | Profile
Software Engineer | Feb 2022 - Aug 2022 | Remote, India
- Reduced operation costs by proposing and delivering a custom multi-step product checkout form page using JS and integrated Stripe API
- Developed a script driven solution in Google sheets using App Script to clean up data and provide real-time price estimations, eliminating manual data prep and enabling instant quoting for clients.

PROJECTS

Service Desk App Javascript | ReactJs | NodeJs | ExpressJs | MongoDB | Html | Css
- Built an app where a business owner can create a page that allows customers to create tickets and share feedback on their products/features
- Link – https://ticket-help-niteshprimedev.vercel.app/

ACHIEVEMENTS

ACADEMICS
- Among the TOP 5 students in college in PCM stream
- 1st in school in class XII examination: 88%

WIPRO CARES | VOLUNTEERING
- Contributed to Wipro's CSR mission by empowering young minds and fostering a supportive learning environment
- Mentoring first-generation college grads by providing career guidance, academics support and goal-setting advice
