Skilled **Software Engineer** with the strong hands-on expertise in **Java and ReactJS**, specializing in building scalable full-stack applications. Proficient in **client side and server-side** applications development.

TECHNICAL SKILLS

Java, Spring Boot, DSA, Problem Solving, Object-Oriented Programming, Low Level Design, ReactJS, Microservices, REST APIs, Git, GitHub & Copilot, Jira, Docker, DevOps, MySQL, MongoDB, OOPs, Debugging

EXPERIENCE

Software Engineer   May 2024 - Present
Wipro Technologies   Bengaluru, India

- Designed and implemented **backend services** using **Java and Spring Boot**, ensuring efficient and scalable business logic.
- Implemented and optimized **REST APIs** to improve data exchange speed and system performance by 30%.
- Participated in **code reviews, debugging**, and **low-level design discussions** to ensure clean, modular, and maintainable architecture.

SDET   Nov 2020 - Apr 2024
Wipro Technologies   Bengaluru, India

- Developed internal Datafeed automation and backend test utilities application using **Java**, reducing repetitive manual tasks and saving **8+ hours per sprint**.
- Designed and executed **API and integration test cases** using Java and Postman, cutting post-release defects by **25%**.
- Collaborated with developers and QA teams to improve test coverage, ensuring reliability and stability across deployments.

PERSONAL PROJECTS

- **Ticket Help,** Built an app where a business owner can create a page that allows customers to create tickets and share feedback on their products/features. Enabled business owners to efficiently track customer feedback and support requests. Try it here!

Skilled used: Java, JavaScript, NodeJS, MongoDB, REST API, ReactJS, Coding

- **Electronics E-commerce Application,** Developed an eCommerce application that allows users to browse, add to cart, and purchase products seamlessly online. Streamlined the online shopping experience by integrating product search, cart management, and order processing. Try it here!

Skilled used: Java, Spring Boot, ReactJS, MySQL, REST API, Problem Solving, Design

EDUCATION

Master of Technology, BitsPilani, Pilani   2020 – 2024
Major : Computer Science and Engineering   CGPA : 7.1/10
